Dear Laura:

We greatly appreciate you and your team taking the time to visit with us at the Mississippi State Oil & Gas Board. I apologize once again for our need to conduct the monthly board meetings telephonically at this time due to Covid concerns and we are hopeful that a return to "normal" is in the near future. I know the Board Members are anxious to make introductions as well and they are excited to hear more about this project.

The presentation detailing HyStor's plans in Mississippi was informative and very interesting. This project is an incredibly exciting opportunity for the State of Mississippi and will hopefully generate a great deal of economic energy and growth. As an agency, we are excited about the project's potential and we look forward to working with you all in the future.

Should you or anyone on your team have any questions or need anything further, do not hesitate to let us know.

Respectfully,
